Tax Exemptions Available For County Mobile Home Owners

Hancock County Tax Assessor George Heitzmann, president of the state association, called an executive board meeting in Jackson Friday to prepare to comply with provisions of House Bill 368, Laws of 1968, Mississippi State Legislature.

Heitzmann said he has well underway the job of notifying owners of trailers that any located on real property must register at his office in order to pay taxes on ground, thereby enabling residents to benefit from tax saving homestead exemption. Adding that he will leave notices attached to mobile homes if owners are away at the time he visits their trailer.

Heitzmann stated that he expects to personally notify about 3 to 400 trailer or mobile home owners that they must register immediately at his office to enable them the privilege of choice as to how they wish to have their property taxed as real or personal. Adding that owners of real property may claim one tax free year while license plates fees are due on or before Oct. 30. Only properties connected to sewerage and other ground based utilities are affected.

Mrs. Marie Bounds, foreman of the September term of the Hancock County Grand Jury, told the Echo that an addition to the Grand Jury report filed on Sept. 12 had been filed.

Circuit Judge Leslie B. Grant said that the supplementary report had been filed on request of Mrs. Bounds.

It reads as follows:

The Grand Jury strongly recommends that the Board of Supervisors call an immediate election proposing a stock law that would keep livestock off the roads and highways.

This was actually voted upon by the Grand Jury, but was inadvertently omitted from the report of the Grand Jury filed yesterday.

sizes that there is a penalty if the property owner either fails to register before the deadline or leaves the state. Out-of-town based military personnel and persons already upon rolls are exempt from the provision.

Ground Breaking Ceremonies Held

A recent event of interest to coastwide and up-state residents alike was the ground breaking ceremonies held recently at Bayou Portage, just north of Pass Christian, marking

the start of construction of the first complete wet-and-dry marina for services to East Harrison and Hancock Counties.

Shortly after the ceremonial ground breaking, dredging operations were started by the E. Wilson Construction Company of Long Beach to prepare the wet stowage area and access canals. Plans to start bulkheads, service docks and foundations for the dry stowage buildings are under way.

Future plans of the Marina include not only complete sales and service to the recreational boaters but drydocking and service repair facilities for the Gulf Coast fishing fleet. A large portion of the eight-acre site is being reserved for future boat building and marine oriented manufacturing.

Organizers of the new company, Pass Christian Marine Works, Inc., are John A. Bebler, President and Jerome Robertson, two former New Orleans, Louisiana residents with a long history of family and business associations with Gulf Coast boating. Associated with the young organizers is John Bebler's father, Stanley B. Bebler, of the Naval Architectural firm of Fried & Goldman in New Orleans. Mr. Bebler has worked with several Gulf Coast firms having first come to this area with Ingalls in Pascagoula in 1959. He is currently President of the Henderson Point Heights Civic Association in P. C. I., and has other local interests.

The 11th annual meeting of the Rivers and Harbor Association will be held at the Buena Vista Hotel at Biloxi on Oct. 24-26. All members of the association and other interested citizens in the development of water resources in Mississippi are urged to attend the meeting.

SEARCH YOUR HEART

During the next few weeks individuals and business firms of Hancock County will have the opportunity to unite behind a truly worthwhile movement.

Although ones pocketbook will have to participate, ones heart will also have to react. This movement takes the name of Hancock County United Fund.

The 1968-69 budget is now under study to determine the needs of the participating charity organizations.

Final payment of the 1967-68 goal has already been made--that sum totalled \$19,207.

If we all will start now to contribute to this great effort, by the end of October, the present goal whatever figure it might be, will have been pledged.

Each individual in Hancock County should search his heart and contribute accordingly.

Mississippi Economy Up Across-the-board

Mississippi's economy showed across-the-board improvement for the third consecutive month in August, according to a report from the Mississippi Economic Council.

The Council publishes statistics from 10 economic trends areas on a monthly basis. All 10 items included in the Council compilation showed gains in June and July, and again in August.

The economic trends report is published monthly in the Council's NEWS BULLETIN.

Both sales and gasoline tax collections showed gains of approximately 20 percent over the same month a year ago.

Sales tax collections rose from almost \$11 million in August, 1967, to more than \$13 million in August, 1968, a 20 percent increase. Gasoline tax collections increased from just over \$5 million in August of last year to over \$6 million for the same month this year, which was an increase of 21 percent.

In other measured areas, gains were as follows:

Total state tax collections by the State Tax Commission increased by 16 percent in August of this year over the same month a year ago, with collections rising from \$16 million last year to \$18.7 million this year.

Consumption of electricity jumped 19 percent, from 1 mil-

lion to 1.2 million kilowatt hours from August, 1967, to August, 1968.

Industrial gas consumption showed a five percent increase in August of this year over the same month a year ago, with 2 million cubic feet consumed in August last year and 2.1 million consumed in the same month this year.

New claims for unemployment compensation declined by 45 percent from August, 1967, over August, 1968, while the total number of unemployment claims declined by 37 percent in the same two-month comparison.

Non-agricultural employment rose 2.2 percent in August of this year over August, 1967, with employment rising from 54,400 last year to 545,900 this year.

Telephones in service showed a 7.9 percent increase, with 719,822 in service in July of this year and 658,975 in service for the same period last year.

Bank debts increased by 22 percent in July, 1968, over the same month in 1967, moving from \$1.3 billion to \$1.7 billion.

CANDY STRIPERS

The regular monthly meeting of the Candy Stripers will be held at the hospital at 10 a.m. Sept. 28. Election of new officers will be held.

Letters to the Editor

Editor, Sea Coast Echo:
As a friend of many retirees and Senior Citizens, I beg to take issue with the letter written by Genie Ruffin, of Waveland. There are many retired people who are not decrepit, and most of them have worked under trying uncomfortable and unfavorable conditions, to contribute and repair the modern inventions, now enjoyed by perhaps this complaining young person.

Many of these retired people worked out in the freezing cold of winter and the scorching sun, to service the mechanical equipment for these impatient complainers. I'm thinking of the retired telephone and electrical workers who at times have endangered their lives, perhaps these young grippers wanting swimming pools and lavish recreation centers, will learn, when they too reach retirement age.

There are values in life far greater than play centers; some youth, with skill and ingenuity take pleasure in constructing their own recreational centers, I have seen them.

Waveland has a nice ball park, named for one of its lost World War II Veterans, this was a worthy and commendable venture, a safe and nice gathering place for its youth.

THE CLEVELAND WYATT AND MCFIE FAMILIES of Bay St. Louis and Waveland.

Dear Editor:

Bay Saint Louis is still my "home" even though I haven't lived there for 20 years. My Dad subscribes to The Echo for my sisters, my brother and I as a way of letting us "keep in touch" with people, affairs, etc. I just don't know what I would do without a weekly "visit" with Polly, Mr. Elliott, who were where and did what. My first concern when I learned the paper had been sold again was the fear a new interest would want to change the format.

Gossip -- as defined by Webster -- is idle chatter or rumor about others. This The Echo has not been guilty of in its weekly coverage of what neighbors, friends and visitors are doing, I eagerly check the columns to see what news I can pick up about old friends, schoolmates, relatives, etc. Even though I visit the Bay often, and because I do, the news I read about these people makes me feel I have not lost touch with them. I know, too, that people who live in the Bay-Waveland area keep in touch with each other through "visits" in The Echo.

Please, don't change The Echo. It is a well-published weekly. I bet it stand out among weeklies published anywhere. Sincerely yours,

MRS. C. L. BASSETT

LETTERS TO EDITOR
SEPTEMBER

September is a month when skies are often grey
In the day the weather is balmy
at night it is cool.
There is excitement in the air,
football season is under way.
The parents can relax more, the
kids are back in school.

The smell of coming rain is
ever on the breeze,
You can hear the distant thunder
and see the lightning flash
The pecans are almost ready to
drop from the trees.
To be gathered and sold for a
little extra cash.

Near the first of September, we
find Labor Day.
With it comes picnics and
smashed cars,
At the end of the month, more
bills to pay.
There are now T.V. shows and
new stars.

The new fall fashions are just
coming out,
The designers have run the full
range--
From quiet colors to colors that
shout
Yes, September is truly a month
of change.

Countdown Near for Abe Fortas

By Drew Pearson

WASHINGTON - A showdown is approaching on the confirmation of Abe Fortas as Chief Justice of the United States. Those who oppose confirmation have based their opposition on grounds of politics, propriety, and principle.

Any one of the three points should suffice.

If the political argument depended solely upon a partisan charge of "croynism," or upon the feeble proposition that an outgoing President ought not to exercise his constitutional powers of appointment, the argument would be worthless.

This is not the point. The point here goes rather to the double-play that Chief Justice Earl Warren has sought to pull off with Lyndon Johnson. The Senate has every right to rebuke Warren for his dubious attempt to assure the nomination of a successor he regards as suitably liberal. Warren started this whole business; he was the one who proposed to play politics with his high office; and he ought to be slapped down.

The second argument is that

Fortas, on the record, has not displayed that sense of instinctive propriety the country rightfully may expect of a Chief Justice. If the doctrine of separation of powers mean anything, it means that a justice of the Supreme Court ought not to be hovering at a President's elbow, counseling him on matters of high policy. Fortas has admitted such counsel on questions of Vietnam and urban riots. If the doctrine of judicial decorum means anything, it means that judges should confine their pronouncements upon current questions of law to their own judicial opinions. That is what they are paid for. But Fortas saw nothing wrong in delivering himself of a long essay upon civil disobedience--the hottest judicial issue of the day--which he then copyrighted and peddled for personal profit at 50 cents a copy in the stands.

If challenges based upon politics and propriety are not enough, Senators surely have every right--given this opportunity--to base their de-

cision upon principles of constitutional construction. It is nonsense to contend, as some of Fortas's defenders are contending, that this is none of the Senate's business. This is precisely the Senate's business.

What are the constitutional principles of Mr. Justice Fortas? They may fairly be inferred from his record on the court these past three years. With one or two exceptions, such as his admirable dissent last April in the reapportionment case of

Every v. Midland County, the record of Mr. Justice Fortas is a record of consistent activism.

That record is symbolized, for some of us, in Forta's vote in June of 1967 to reverse the conviction of a Los Angeles smut merchant by the name of Harry Schackman. The case involved a 14-minute silent film

strip. By every standard the high court itself has laid down, this filthy peepshow was obscene as a matter of law. A trial jury said so; the California appellate courts said so; a respected Federal District Judge found it "clearly, unequivocally, and incontrovertibly obscene and pornographic in the hardcore sense."

But Fortas cast a decisive vote in the Supreme Court's 5-4 per curiam reversal. It is immaterial what Black, Douglas, Stewart and White voted with him. Their names are not before the Senate. The question is whether the constitutional principle implicitly approved by Fortas in the Schackman case--the principle that "free speech" protects pornography such as this--is the kind of constitutional principle the Senate wants in a Chief Justice of the United States.

Senators are--or ought to be--something more than rubber stamps. Given the opportunity, they have the power and the duty to judge our judges, not by the cumbersome and technical process of trying an impeachment, but by giving or withholding their advice and consent to nomination or pro-

motion. Such come rarely at the level of the high court--no comparable opportunity has arisen since the elevation of Stone in 1944--but the rarity adds value to the Fortas case. Viewing the Schackman decision not in isolation, but as a symbol of the whole record, the Senate ought to vote

motion.

UF Special Gifts Still Going Up

Auxiliary Program Set

Hancock County United Auxiliary will have an annual awards program and recognition Saturday Sept. 14 at 1:30 p.m. in the hospital dining room followed by a reception in the conference room.

The program is held annually to thank the young Misses of America for their dedication to service.

BRIDGE WINNERS

Winners of games played by Bay-Waveland Bridge Club members Thursday night at the Garden Center were Mrs. Eugene Moughab and Mrs. Dick Gilbert, first; Mrs. Lela Nybo and Miss Valorie Nybo, second; and Miss Amelia Scalfie and Mrs. Mildred Means, third.

Special gifts totaling \$1,687 have been raised to date toward the 1968 Hancock County United campaign goal of more than \$25,000.00 the fund board of directors was informed at its meeting Tuesday evening.

Powell Glass, Jr., special gifts chairman, told the directors and campaign workers he expects his division will reach \$5,000.

Twenty-one business concerns which have never before contributed to United Fund were among those contributing so far, Glass reported. In addition, 16 local companies have increased their contributions and pledges over what they gave in 1967.

Last year's United Fund goal was \$21,000 and a total of \$24,000 was raised.

Two new member agencies have been admitted to United Fund this year, making 10 in all supported by this annual drive. New are Camp Onward and Catholic Charities Inc. Others are American Red Cross, Boy Scouts, Girl Scouts, Retarded Children, Mental Health, Blood Bank, Hancock County Emergency Relief and USO.

Mrs. George Stelz of the Waveland recreation department asked the board Tuesday night to include Waveland children's play program in United Fund. Because the 1968 budget has already been set, she was advised her request could not be considered until next year.

The general campaign will kick-off next Friday, Sept. 27, with a dinner at Michael's Restaurant in Club Lodge Motel. Reservations are still being accepted and a social hour begins at 6:30 p.m. Campaign leaders, workers, representatives of member agencies and civic organizations have been invited and are urged to confirm their reservations by phoning 467-7734.

Special gifts donors to date are:

Arceneaux Super Service, Benigno's Package Liquors, Michael Haas, Nicholas Haas, Hancock Bank, Hancock Insurance Agency, George Heitzmann, Fred Hoagland, Jerome's Department Store, Lamar's Seafood Market, Magnolia State Supply, Aiden Mauffray, Merchants Bank and Trust Co., Merchants Insurance Agency, Monitor Panel Co., Mont-Carver Plumbing Co., Circuit Clerk Lamar Otis, Peoples' Federal Savings and Loan, Mr. and Mrs. P.J. Treutel, A.J. Piazza, Dr. B. L. Ramsey, Dr. and Mrs. E. C. Samuel, See Coast Echo, Star Theater, Sunshine's Ice Cream Parlor.

Mrs. Samuel, Newcomer Speaker

Mrs. Peggy Tod, 467-7861.

Newcomers club held a monthly meeting at Club Lodge Motel, Wednesday, September 12. Mrs. E.C. Samuel, president of the board of directors of City-County Public Library was guest speaker.

The speaker said, "Our lives are waves that come up out of the ocean of eternity, break upon the beach of earth, and lapse back to the sea of eternity. Some are sunlit, some run in storm and rain; one is a great ripple, another is a thunderous breaker; and once in many centuries comes a great tidal wave that sweeps over a continent; but all go back to the sea and lie equally level then."

Austin O'Malley that you might enjoy.

The club also discussed a theme selected for float in Newells Parade.

The club voted to assess its membership \$3.65 each or a penny a day a year to be donated to the building fund of the library.

A luncheon followed the business meeting.

Becky Marr, or Becky Marr upholstery will be the feature speaker at the October meeting. Anyone interested in joining the Newcomers Club can contact

An appreciation dinner for the parish fair workers was held on Saturday night in the Annunciation School cafeteria. Dinner was prepared by Annie's Restaurant of Henderson Point. About fifty persons attended, and a good time was had by all.

A private kindergarten is being planned at Annunciation School in Kiln if enough parents are interested. Any persons interested in enrolling their children, contact Sister Clare Francis at 467-5869.

Annunciation Parish CYO accompanied by Father Maurice Flood, motored to New Orleans on Saturday. They attended the movie "Gone With the Wind". This was their appreciation day for helping with the fair.

J. C. "Peck" Maunfray quietly celebrated his 58 birthday on Sunday, Sept. 15th.

Truvil Michael Favre, son of Mr. and Mrs. Marty Favre of Kiln, was baptized on Sunday afternoon at Annunciation

Church. Sponsors were Billy Sills and Janice Ladner.

Little James Favre II, underwent surgery last week at Ochsner's Foundation Hospital in New Orleans. He is reportedly doing very well and will probably be released from the hospital later this week.

Gene Mikoville will celebrate his 21st birthday on Sept. 20th. Gene is due to leave Viet Nam on Sept. 25th, and will arrive at the home of his parents, Mr. and Mrs. John Mikoville in about a week.

CHANGE OF SEASONS seem in some way to give human beings and animals alike, sort of a new lease on life. Although there's a much less drastic difference in temperatures here on the great Gulf Coast—one somehow knows when the first bacterium is preparing to push its pale green spike through the chilly earth. Summer's arrival is heralded by the whippoorwill's night-cry for the ears of camera-toting tourists—and we think everyone is actually aware of leaves beginning to sharpen the trees when the tiny northers blew in last week. As for winter, we'd prefer not to think about it, so will enjoy the next couple of months before facing the fact that it exists!

BAY HIGH'S FIRST home football game was played under ideal weather conditions for the capacity crowd turning out for the gridiron battle. As for the score, we'd just as soon ignore that also; so will leave any statistics up to the sports writer. There were so many spectators that we didn't find time to speak half of the ones we know. Some visible, as they had seats near the press box, were Rosemary McFarland, "Doc," sitting in his usual seat upon the playing field; Virginia and Fred Wagner, Lauris and Dave Poincexter, Virginia Miller, Edna (Mrs. Claude) Yarborough and her mother Mrs. Gus McKay. Also Teddy Morel, who called the game as usual and his pretty wife; Hizzoner Johnny Scafide Mildred and Earl Raymond, Dorothy and Forest Bourgeois, Ann and Ed Porter, Claire and Otto Bourgeois, Lottie and Alvin Ladner; Joyce and Carl Ladner. In fact, just about everyone in town.

Reports are still coming in from those who waited 'til Labor to take vacations.

Polly and Ralph McIver and young son spent their two weeks of rest in Memphis, Tenn., and in Lexington, Ky. They were guests of Polly's parents, Mr. and Mrs. Jesse Osborne while in Lexington.

James Langurand didn't exactly take a vacation in the usual sense—he 'escaped' the normal routine when obtaining his master's degree at Ole Miss.

HAZEL (MRS. CLAUDE) Tracy came home from Montgomery, Ala., Thursday night. Both her sister Deeds and her mother were hospitalized during her visit, but had been released before she left for her Waveland home.

WE ARE FORCED to comment that not only the appearance of the newly redecorated Hancock County courtroom has improved, but most of the people occupying the boxes and benches seem much more attractive also. Marjorie (Mrs. Paul) Bounds, first grand jury foreman in the county, is also a very pretty woman; as Kitt (Mrs. Olo) Mollere, Doris (Mrs. Allan) Sarrant, Margie (Mrs. Eric) Larsen and others with whom we are not so well acquainted. As for the men—good looking fellow jurors certainly improved their mode of dress. Most arrived bright and early wearing suits and ties—how about that? Even veteran Judge Leslie B. Grant was openly complimentary about the changes.

HE ALSO HAD praise for the 'probably as old as the courthouse' official county seal which building custodian Jimmy Normand unearthed beneath debris removed in the clean-up campaign, and restored to its original red, blue and gold splendor.

SUSAN LOTT and Bennie Starita's wedding Sunday at St. Clare's was much too lovely to be spoiled by the rain in which they were forced to leave the reception at the Parish Hall. Guests danced to music by the same swinging band so much enjoyed by guests at Claudia Klein and Henry Lang's reception in Clarendon Harbor.

Just a few guests include Ruth and Fred Curet, Mabel Egloff (husband Johnny was working); Shirley Turcotte, Eunice Bourdin, Janet Aime, Mary Ellen and John Ladner and pretty daughters; Myrtis and Melvin McCordie, Zelly and Lee Bourgeois and the Harry Hinkkanens and their mutual grandchild, Jackie and Greg Hinkkanen's first born, who arrived July 3. Also Jan (Mrs. Gus) Aime, the Andrew Ladners, the Jimmy Ladners and many, many others.

WE'RE A LITTLE late but still want to wish our good friend Laura (Mrs. Hugh) Satterlee a happy birthday. She celebrated on Aug. 21.

MR. AND MRS. C. C. McDonald are now both back in their North Beach Blvd. home. Mrs. McDonald spent her 'vacation' as a patient in Vanderbilt Hospital in Nashville, Tenn. He really vacationed in their Monteagle mountain home.

Helen (Mrs. Bernie) Piazza was the gayest mamma in town last Tuesday after enrolling the youngest of her nine children in the first grade.

ANIMAL NOTES - The medium sized white dog pictured with Frank Trapani and Hap Glandi's first grandchild on an Echo sports page, was first named Earl until Jane and Harold Pitt discovered SHE'D be more appropriately called Earline. This little tale brings

Arrangements and baskets

of white and yellow flowers decorated St. Clare's Parish Hall, Waveland, for the reception immediately following the wedding.

The bride's table, overlaid with a linen cutwork cloth, held the five-tiered wedding cake with a scalloped base. The tiers, two separated by Grecian columns, were trimmed with garlands of pale yellow spun sugar roses, sugar lyres and swans. The top tier held a pair of feathered doves holding a wedding ring. **Boy Wins Banking
In 4-H Program**

David Davis, son of Mr. and Mrs. Otto Willemsen, Jr., of Bay St. Louis, is participating in the Cooperative Education Program at Mississippi State University.

The 20 year old Banking and Finance major is currently in his junior year at the University.

David is working toward his B.S. degree and at the same time is working with Hancock Bank in Bay St. Louis in alternating semesters.

The Cooperative Program is a five-year, educational program which allows a student in various fields of Agriculture, Arts and Sciences, Business and Engineering to affiliate with a business or industrial firm while enrolled at Mississippi State. By combining practical experience with theoretical training, this program provides the student with a superior education opportunity.

Taxpayers Ask:

Q - I didn't receive my estimated tax bill for the third quarter. What should I do?

A - You should make your third quarter estimated tax payment by the due date, Monday, September 16, even if your installment notice has not arrived by then. To make sure your payment is properly credited, put your social security number on your check or money order and indicate what the payment covers.

With the new tax surcharge in effect, you may have to adjust your 1968 estimated tax. The surcharge will increase this year's tax by 7 1/8 percent for many individual taxpayers. A worksheet to help taxpayers make this adjustment is available at local IRS offices and was included with the third quarter estimated tax notices.

Q - I did not have to file an estimated tax declaration this year because enough was taken out of my paycheck to cover my taxes. Does the new surtax change that and should I file an estimated declaration now?

A - In July employers started withholding income taxes at a higher rate to keep taxpayers on a current, pay-as-you-go basis. The additional amounts withheld should approximate the final tax liability for most taxpayers.

If you did not file an estimated tax declaration for 1968 because withholding was expected to amount to 80 percent or more of your tax liability for the year, you may want to review your tax situation. It is possible that the tax surcharge, which can increase your tax by 7 1/8 percent, will make you liable to a penalty for underpayment of estimated taxes.

Local IRS offices have copies of estimated tax forms and worksheets taxpayers can use to figure their 1968 tax liability under the new tax law.

Q - I joined a country club this summer so that I'd have a place to take my customers to play golf. Can I deduct my country club expenses as business expenses?

A - Some of your country club expenses may be deductible as business expenses. These would include the cost of your business entertaining and other entertainment expenses you incur while conducting business.

If you keep a country club more than 50 percent of the time for business purposes, you can deduct the cost of your business entertaining and other entertainment expenses you incur while conducting business.

The Form 4686, "Business's Report on Taxes, Expenses and Deductions," is available from the office of the Internal Revenue Service. It is used more than 50% for business.

The rabbit season in Mississippi opens south of Highway 84 on October 19, 1968, and runs through February 17, 1969. Our woods are full of rabbits and hunters of the busy tails should have some good hunting this winter. The limit is 8 per day, 16 in possession. Be sure you have that hunting license.

White Perch (Crappie, Sac-a-lait) seem to be more plentiful hereabout this year than before. They are being caught best up Pearl River above Logtown on live minnows in deeper water. They are a very popular game fish and have a good food value. They are also caught on the fly rod with under water baits.

Believe it or not black bass are caught the year round in this section. They are now hitting surface baits but in colder weather they are caught better on under-water baits by trolling and casting. An excellent bait when trolling is a No. 2 spinner with a yellow rubber skirt on a treble hook. Troll about 15 feet behind the boat for best results.

Word comes that speckle and white trout are being caught out in front of the Pass Christian Yacht Club. A little later they will be found in the Pass Harbor as well as red fish. Launching is free to the public.

Proper presentation of a lure is most important when fly fishing or casting is being done. Generally speaking, fishing a surface lure you can be more successful by fishing the lure slowly if it is a popping type lure; with a varied retrieve if it is a wobbling-type lure; and short, quick twitches if it is a darting-type lure. Proper placing of the bait is most important. Practice makes perfect, the best fishermen know.

Stanislaus Victory Comes Late Against E. Central Hornets

St. Stanislaus Rockchaws exploded in the fourth quarter Friday night to defeat the East Central Hornets at Wad-Hurley with a 40-26 score. The game was a non-conference one.

East Central had a 26-26 lead as the fourth quarter began, but a 85-yard punt return by Ronnie Oustalet evened the score 26-26, and the point after kick by Mike Gemelli gave St. Stanislaus a one point margin.

Joe Boudreault blocked two Hornet punts and carried the ball into the end zone for scores. Boudreault ran for 10 yards and once for 11 yards with the blocked punts.

Following this Hornet's famous run, quarterback Paul Gravot of St. Stanislaus countered with a 19-yard scoring pass to Joe Boudreault. Gravot tied the game 7-7 with his one point conversion.

The Hornets came back strong in the second quarter as Fullback Terrace Wells bulldozed over from the one after Allan Goff had put on a deflating passing drive deep in Rockchaws end of the field.

The Rockchaws came roaring back in the period as Gravot hit Mike Meyers with a 10 yard scoring pass at half-time the score stood 13-13.

East Central took an early third quarter lead as Wells scored from the six for his second score.

St. Stanislaus again closed the gap with a 9-yard touchdown pass from Gravot to Dewain Brumaster and an extra point kick by Gemelli. The Rockchaws led 16-13.

Later in the third quarter the Hornets scored with a 55-yard run on a pass that was intercepted by Goff.

The game was broken open in the fourth quarter by Oustalet and Boudreault.

Quarter Score:
East Central 7 6 13 0 = 26
St. Stanislaus 7 6 7 20 = 40

Blocked Punt Ties Valena C. Jones

The Valena C. Jones Tigers played Locker High School of Wiggins to a 13-13 tie at Wiggins this past Friday night.

Coach Wiley Bradley's Tigers led most of the game but were tied up in the final four minutes when Locker blocked a punt, picked up the bouncing football and ran about 40 yards for the TD. The PAT was good and the game was tied, 13-13.

Whavers was the leading ground gainer for VCJ with 103 yards on 14 carries. Bell hit on six of 15 passes for 136 yards.

Winston Whavers got the first VCJ touchdown on a 5-yard pass in the first quarter. Bell passed to Capt. Larry Peters for the PAT and VCJ led, 7-0 at the quarter.

Locker scored late in the second quarter on a 30-yard pass. The PAT failed and VCJ led 13-6 until the punt was blocked late in the game giving Locker the tie at 13-13.

Kurt Fairconnetus blocked a Locker punt in the 3rd quarter to set VCJ in business on the Wildcat's 10. Ed Whavers ripped across from the five, the PAT failed and VCJ led 13-6 until the punt was blocked late in the game giving Locker the tie at 13-13.

The VCJ defense was led by Capt. Peters, John Lee, Peter Mosby, Ed Whavers, Thomas Hawkins, George Gillman and Donnell Taylor.

The next VCJ game will be with Purvis High School at Purvis next Friday night.

Otis Thompson got the Rebels going again in the third period with a one yard smash over the middle. Thompson converted the PAT and the Rebels were on top for good, 13-6.

Robert Jackson put the Hawks back in the game with a 26-yard run late in the third period but the PAT was no good and the game went into the final period with Richton on top, 13-12.

Flag in Home, Ladies Project

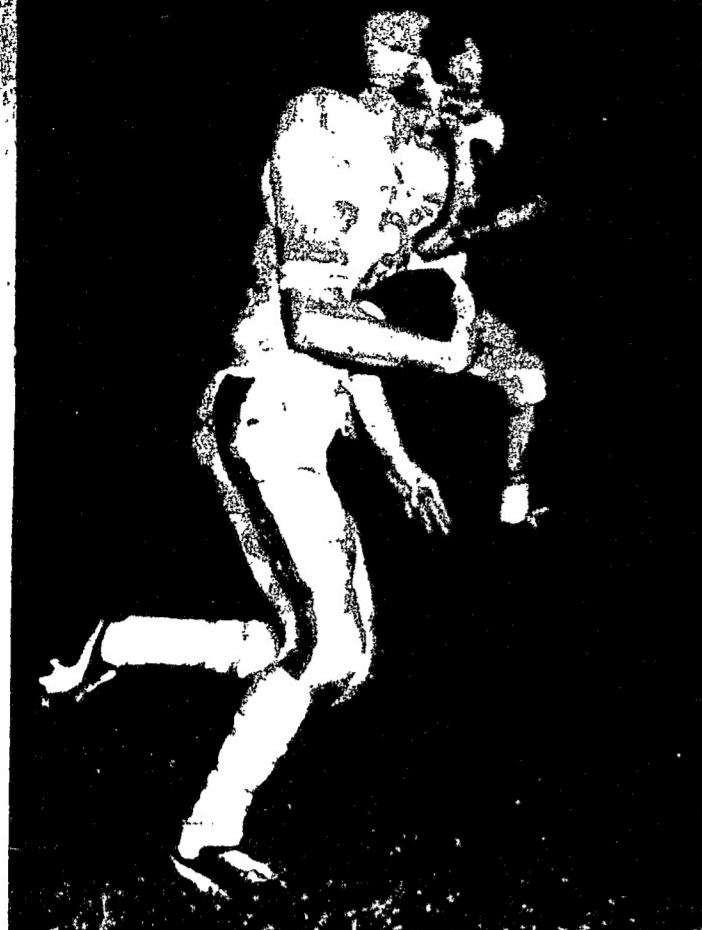

Mrs. Albert Biehl President of the Ladies Auxiliary to the Veterans of Foreign Wars, Post Number 3243, announced today that the Ladies Auxiliary to the Veterans of Foreign Wars of the United States in the great state of Mississippi is starting a project to have an "American Flag in every Home." This project will be under the program of Americanism and will certainly not be a fund raising project.

Mrs. Biehl President, stated we pay tribute to the Flag on special occasions, but do we honor our freedom and independence here in America enough? Can you think of anything more American than flying our Flag, and the members of the Ladies Auxiliary to the Veterans of Foreign Wars in Mississippi, ask you, the citizens of this town and patriotic citizens of America, to support our pro-

ject, and in the event a member of the Ladies Auxiliary or a volunteer worker calls on you to purchase a Flag, it will be our desire that each of you will want to participate in the project and help "KEEP AMERICA ALWAYS" --- The Land of the Free and the Home of the Brave.

The Flag set that will be offered will contain a three by five foot U.S. Flag of sturdy cotton material with dyed stars and stripes. A two piece six foot aluminum pole with a five inch gold plastic eagle ornament will be used to place the Flag on. A deluxe pole holder with cleat fastener is also for installation purposes. The Flag set will sell for a small fee of three dollars (\$3.00) and the member of the Ladies Auxiliary will deliver the flags to you.

Please Help us by calling 467-7073.

Pass Christian Rips Bay St. Louis, 32-0

A large crowd attended the first home game for the 1968 Bay High School Tigers and saw Pass Christian completely dominate the game, both in scoring and statistics.

When the final gun sounded, the Pirates had racked up a 32-0 win in a game that featured 10 fumbles. The Pirates recovered all four of their bobbles while the Tigers could reclaim four.

Pass Christian had a total of 239 yards gained to only 109 for Bay St. Louis. The Pirates hit nine of 15 passes for 107 yards. The Tigers attempted 25 passes and hit on only five for 29 yards.

Quarterback Jay Lang started the ball rolling for Pass Christian with a 6-yard run late in the first quarter. John Dubuisson got the Pirates on the scoreboard two more times in

the second quarter with runs of five yards, to put Pass Christian on top, 18-0 at the half.

The third quarter was played on even terms but the Pirates scored two more TDs in the final period to win going away 32-0. Lang scored on a 20-yarder and the final touchdown came on a 20-yard burst by Mickey Bishop.

The win was the second straight for the Pirates and the second loss for the Tigers. Pass Christian, a former member of the Gulf Coast loop, has transferred to the Pascagoula River Conference prior to the 1968 season.

Next Friday night, Bay High travels to Carriere to take on the Pearl River Central Blue Devils while Pass faces tough Iberville Warriors at home.

Mr. and Mrs. Benny Starita
Photo by Ed Fayard

**Ann Lott Marries
Mr. Benny Starita**

Arrangements of white gladi-
oli and mums decorated the altar
and tall baskets of the blossoms
were in the chancel of St.
Clare's Catholic Church, Waveland,
for the wedding at 2 o'clock
Sunday afternoon of Miss Susan
Ann Lott and Benny Starita.

The bride is the daughter
of Mr. and Mrs. Herman Lloyd
Lott, and the groom is the son
of Mr. and Mrs. Lawrence Sta-
rita, all of Bay St. Louis. Rev.
Father William Kennedy per-
formed the double ring cere-
mony. Mrs. John McKenna, organ-
ist, played the professional
and recessional and accompa-
nied Mr. and Mrs. Conrad Mauf-
ray, who rendered a number of
appropriate selections.

Given in marriage by her
father the bride chose Miss
Sandra Hickey, Waveland, as
her maid of honor. Bridesmaids
were Mrs. Lonnie Deschamps,
Kenner, La.; Miss Linda Tar-
tavouille, Bay St. Louis, and
Miss Barbara LaFontaine,
Lakeshore. Flower girls were
her sisters Misses Donna and
Margaret Lott, Billy LeBlanc,
Huntsville, Ala., nephew of the
groom, served as ringbearer.

Greg Hinkkanen was best
man and Eddie Osbourn, Curtis
Ladner and Mike Starita, brother
of the groom, served as
groomsmen. Ushers were Morris
Lott, brother of the bride,
and Randy Starita, brother of
the groom.

A reception followed at St.
Clare's Parish Hall.

Arrangements of white mums
and gladioli decorated for the
occasion. The bride's table, over-
laid with an ecru lace cloth
over white, was centered with a
five-tiered wedding cake
trimmed with white spun sugar
sweetheart roses, the top tier
held the traditional bride and
groom.

Mrs. Edmond Blaize served
the cake, and Mrs. Eunice Bou-
din presided at the punch bowl.

Ten girls were Misses Kathy
Starita and Arlene Osbourn. The
bride is a graduate of Bay High
School. Mr. Starita attended
Bay High and is presently serv-
ing with the U.S. Army at
Fort Knox, Ky., where they will
make their home.
